With the support of the

European Union

EUROVISION LAB.

WELCOME TO THE EUROVISION LAB.!

Explore and discover museums in a new way and find out why you make a difference in your museum. A large network of European museums is working on exhibiting Europe. Objects are going to be seen from European perspectives and museums experts and visitors are going to switch roles. Apply yourself in what is happening in the museum and play an active role in interpreting European cultural heritage, in discovering which stories can be opened up by an object and in debating about issues Europe is concerned with!

BE PART OF THE EUROVISION LAB.!

You can become part of the change because your unique knowledge, opinions and emotions are important for the museum teams. Visit your museum in person or online and spot the possibilities and offers.

ONE OBJECT - MANY VISIONS - EUROVISION!

The EuroVision Lab. is a series of exhibitions and activities taking place in seven European countries, it is happening in Ljubljana, Sofia, Rome, Lisbon, Paris, Augsburg and Vienna and is part of the project "EuroVision – Museums Exhibiting Europe" (EMEE).

IN LJUBLJANA

EXPERIMENTAL EXHIBITION IN THE NATIONAL MUSEUM OF CONTEMPORARY HISTORY OF SLOVENIA

The EuroVision Lab. in the National Museum of Contemporary History of Slovenia is an attempt to bring the museum experiment to a full circle. It aims to present the exhibition as a result of a participatory project in cooperation with the young adults and museum professionals. Therefore the EuroVision Lab. offers a fresh, interesting, touchable, and playful exhibition with the additional diverse programme. The results of this creative and fun experimental process can be seen in a four-parted EuroVision Lab. in Ljubljana.

July 16th 2015, until December 3rd 2015

EMEE YOUNG SCENOGRAPHERS CONTEST TRAVELLING EXHIBITION

The awarded works of EMEE – Young Scenographers Contest will be on display in this travelling exhibition which remains open from

July 16th 2015, until October 21st 2015.

THE TIME CAPSULE

The Time Capsule is the core of the Slovene EuroVision Lab. It is an exhibition planned, curated and implemented by a team of museum non-visitors and museum staff. It aims at taking the visitors back in time, where they can explore the multi-layered objects, which are selected by the young adults through a fun process of museum speed dating game, played with the museum

staff. The objects represent a nationally important story through the transnational points of view and reflects a long-term participatory working process.

July 16th until December 3rd 2015.

ARTISTIC INTERVENTION

In front of the National Museum of Contemporary History an artistic intervention is installed, made by two young local artists, who played with exhibition's slogan „One Object – Many Visions – EuroVisions“. With this they decided to trigger the visitors of the Tivoli Park, to play on the path that leads towards the museum and motivate them to come for a visit. Through the optical game, the (non-)visitors approach the museum right to the entrance, where they are lured in by the first museum object, old Zastava 750 – fičo car.

PHOTO EXHIBITION

Museum experts as well as project partners present objects they relate to Europe in new ways. The photo exhibition presents 15 curators and 8 EMEE partners with their chosen objects and offers an interesting insight in the transregional European dimensions of the objects.
July 16th 2015 until October 21st 2015.

ACCOMPANYING PROGRAMME
